## Growers of Quality Roses for Over 30 Years

From reliable sources we learn that production in some large rose growing areas was again heavily damaged by frost early this year. Good roses may again be at a premium for the coming season. It will be wise to cover your requirements now for delivery winter 1951 or spring 1952.

Our own block of roses is now far enough advanced to assure us of another fine crop, running heavy to top No. 1 grade. We take particular care in handling, and grading is done in accordance with A. A. N. standards.

We are members of ALL AMERICA ROSE SELECTIONS which gives us first access to the annual *All America Winners*.
